

# FUND OUR FUTURES RALLY & LOBBY DAY

COVID-19 cut a hole in the state budget & increased our economic needs. We need new infrastructure jobs to end the recession, paid time to care for our loved ones, & resources for schools to help our kids catch up. Working people have sacrificed the most during this pandemic, so it is only fair for those who have prospered during these difficult times to do their part as fellow Minnesotans & pay their fair share in taxes.

Join us for a virtual coalition rally & lobby day to share our priorities with lawmakers, and fight for budget that invests in working Minnesotans.

FEBRUARY 25  
4:00 PM to 7:00 PM
