It is further agreed that neither party to this Agreement will promote, or implement, any change to the Civil Service Ordinance in effect at the time of execution of this Agreement, which, if adopted, would alter the terms of this Agreement, without having first provided written notice to the other party of any proposed change, and without having first entered into a written agreement among the parties hereto that this Agreement be amended to reflect any proposed ordinance change.

ARTICLE 2

ARTICLE 3

MANAGEMENT RIGHTS

Section 3.01 Management Rights Statement

It is understood and agreed by the parties that the Employer possesses the sole right to operate its departments and facilities so as to carry out the statutory mandate and goals assigned to it and that all management rights repose in the Employer unless specifically modified by this Agreement. It is further agreed and understood that in the event any legislative or final adjudicative action occurs during the term of this Agreement which has the effect of invalidating or altering the management rights herein, the parties agree that this Agreement shall be amended to conform with any such final legislative or adjudicative action.

Section 3.02 Management Rights

These management rights include but are not limited to the following:

- (a) To utilize personnel, methods, and means in the most appropriate and efficient manner possible;
- (b) To manage and direct the employees of the Employer;
- (c) To hire, promote, transfer, assign, retain or retire employees in positions under the jurisdiction of the Employer;
- (d) To establish reasonable work rules of conduct;
- (e) To suspend, demote, discharge or take other appropriate disciplinary action against employees for just cause;

The Policy Committee will review any written comments received and make any reasonable adjustments prior to presenting the recommended changes for approval. The final policy manual or policy will not be placed into effect until after such comment is considered by

management. The parties agree and understand that the City Council has the final right of adoption.

ARTICLE 4

COMMITTEE FOR UNION-MANAGEMENT COOPERATION

Section 4.01 Labor Management Committee

The parties recognize that during the term of this Agreement, problems of administration may arise which are not now anticipated by either party. They also recognize that during such period more mutually constructive and productive relationships are likely to exist between the Employer and the Union and among both management and non-management employees, if both the Employer and the Union continue and enlarge their respective efforts to gain a better appreciation and understanding of each other's problems and objectives. They recognize that frequently what first appear to be problems or areas of conflict and disagreement are actually misunderstandings which are cleared away upon a complete exchange of viewpoints and ideas. The parties believe that even though limitations exist upon formal collective bargaining negotiations through the term of this Agreement, a better atmosphere in which to achieve improved day-by-day relations between the parties, which they both desire, can be created through meetings of the kind described below:

Section 4.02 LMC Limitations

On an as needed basis, if requested by either party, a meeting will be held by the committee formed as a part of this article. It is understood that such meetings will be held for the purpose of appraising and discussing problems, if any, which may exist concerning administration, interpretation or application of the Agreement or other matters which either party believes will contribute to the improvement in the relations between them within the framework of this Agreement. It is understood that such meetings shall not be for the purpose of discussing grievances or conducting collective bargaining negotiations or for any purpose which would modify any provisions of this Agreement. In agreeing to such meetings, the parties are providing evidence of their sincere desire to encourage friendly, cooperative relationships between their representatives at all levels and between all employees covered by this Agreement and to find ways to overcome difficulties, influences or attitudes which interfere with such relationships. To facilitate the process, the party requesting the meeting shall notify the other party of the items to be discussed two days prior to the meeting. Additional topics may be added as they develop. There is no requirement that any meeting described herein be had during the term of this Agreement unless requested by either party. The parties further agree that circumstances may occur during the term of this Agreement that will require either party to request a continuance or delay in the scheduling of any meeting. The parties agree that they will make reasonable accommodations when scheduling meetings.

Section 4.03 Scope of LMC

Wherever in this Agreement reference is made to matters to be referred to a committee for resolution, this committee will take such matters into its consideration.

Section 4.04 LMC Participation

The committee for Union Management Cooperation shall be composed of two (2) members designated by the Union and two (2) members designated by the Employer. Both parties shall have the right to replace any of its members during the term of this Agreement and agree to inform the other of the names of its members.

Section 4.05. Minutes Required

Minutes shall be kept of all meetings by the Secretary of the Union and shall be distributed to the Employer and the Union members.

ARTICLE 5

DISCRIMINATION AND COERCION

Section 5.01 Discrimination Prohibited

The Employer agrees not to discriminate against any employee because of race, color, creed, national origin, ancestry per SDCL 20 13 10, sexual orientation/gender identity, disability, protected veteran status per Uniformed Services Employment and Reemployment Rights Act, genetic information, pregnancy, sex, age, marital status, religion, union affiliation or political affiliations; or to coerce any employee or their organization in any way.

ARTICLE 6

DUES CHECK OFF

Section 6.01. Union Dues/Payroll Deductions

The Employer agrees to deduct from the employee's pay the monthly union dues prescribed by said local union and to remit those dues each month to the treasurer, or such other person designated by the union. Dues collected shall be forwarded to the designee on or before the last day of each month during which the dues were deducted with an itemized statement for all dues collected.

Section 6.02 Dues Deduction Form

The Employer and the Union shall agree on the form used by the employee for this deduction.

ARTICLE 7

HOURS OF WORK

Section 7.01 Hours of Work

This article is intended to set forth normal practices to be engaged in by the City. It does not constitute a guarantee of hours per day or days per week, but the City does intend to, where practical in light of circumstances, employ its personnel on a regular basis of forty (40) hours per week provided the employee is able to perform the required duties and is ready, willing and able to perform the work to which they are assigned. It is expressly understood, however, that whenever the City, in its sole discretion, determines a reduction of the work force necessary, it may do so upon notice consistent with Section 7.04 of this article.

Section 7.02 Work Day

The normal hours of work be consecutive in any twenty-four (24) hour period and shall be either eight (8) hours or ten (10) hours as provided in this Article. Hours worked need not be consecutive at the Zoo, Wellness Center, and Aquatic Center or other such areas as those determined by Section 7.03.

Section 7.03 Work Period

The normal schedule of days worked shall be either five (5) or four (4) days as determined in accordance with this Agreement. Days off will normally be consecutive except to accommodate vacations, sick leave and scheduled rotations within the job classification. In the Sanitation Department and Zoo Department, work days in a week and days off in a week need not be consecutive.

Section 7.04 Posted Work Schedule

Work schedules showing the employee's shifts, work days and hours shall be posted on bulletin boards in the respective department at least fourteen (14) days in advance. Posted work schedules shall not be changed in less than 14 days without consultation between the Employer and the employees affected unless an emergency is declared by the Department Head. Examples of an emergency includes flood, tornado, ice storm and other catastrophic events. An emergency may be declared either orally or in writing by the Department Head. An emergency that is orally declared by the Department Head will be reduced to writing as soon as practically possible. Any changes in the work schedule shall be subject to the grievance procedure. Employees must be notified at least one (1) hour in advance of the shift that an emergency situation exists to avoid payment of reporting time. If an employee is not notified and reports for work and the shift is changed, a minimum of two (2) hours work or pay shall be received, and counted as regular hours worked for purposes of computing overtime. A telephone call to the residence of the employee or to such other telephone number provided by the employee shall be construed as proper notification.

Section 7.05 Pay for Other Duties Performed

When an employee is assigned job duties outside of their essential functions the employee shall receive no less than their regular rate of pay in accordance with the provisions of Article 20.

Section 7.06 Fair Labor Standards Act

Both City and Union believe this Article and Article 8 comply with the Fair Labor Standards Act and they shall be so construed. It is understood that the Fair Labor Standards Act provides minimums and the contract controls if more is agreed. The work week shall be a seven day work period with a maximum of forty hours unless overtime is paid.

Section 7.07 Closing of City Hall

On days when City Hall is closed by official action, other than holidays, all other departments shall receive equal time off on an hour for hour basis identical to the number of hours City Hall was closed. The closing of City Hall by official action, is not the same as a “snow day.”

Any closing of City Hall by “Official Action” will be specifically communicated directly to each department head or designee and clarified as such. Whenever City Hall is closed by official action the following conditions will apply:

- City Hall employees will not be required to use vacation or compensatory time for the hours declared closed.
- All other regular full-time employees, in departments/facilities that are not closed, during such hours City Hall is closed by official action shall receive time off on an hour for hour basis not to exceed 8 hours.
- Official action does not include weekends, holidays, or observed holidays.

ARTICLE 8

OVERTIME

Section 8.01 Eligibility for Overtime Earnings

One and one-half (1 ½) times the employee's regular hourly rate of pay shall be paid for work under any of the following conditions:

- (a) All work performed in excess of forty (40) hours in one week; sick leave, vacation and/or compensatory time taken cannot be used in calculating overtime.
- (b) All holidays shall be considered as hours worked to calculate overtime.
- (c) Work performed under provisions of call-back and reporting and stand-by pay.

- (d) The parties further agree that compensatory time at the rate of one and one-half (1 ½) times the hours worked may be used in place of overtime pay if mutually agreed between the employee and the Department Head.

Section 8.02 Work Performed on Sunday

Two (2) times the regular hourly rate of pay shall be paid for any overtime work performed on Sunday.

Section 8.03 Prior Approval Required for Overtime

Overtime will not be allowed without the approval of the Department Head or designee and, where overtime is allowed, it shall be distributed as equitably as practical among employees in the same job classification within a specific work unit. Unwillingness to perform the overtime hours may result in disciplinary action.

Section 8.04 Distribution of Overtime/Call Back

The policy of the City with respect to the distribution of overtime is:

- (a) City Responsibility. It shall be the responsibility of the City to determine in each instance if overtime work is required and, if so, how many employees will be required to perform the work.
- (b) Division of Call Back and Overtime. Overtime work will be distributed as equitably as is reasonably practical among full-time employees normally engaged in the classification involved. Overtime work and call back work shall be distributed equally to full-time employees working within the same job classification within each department.
A record of overtime hours worked by each employee shall be updated and posted on the department bulletin board weekly. The total amount of overtime accumulated for each employee shall be equalized on January 1st and July 1st annually.
- (c) Additional Work Hours Distribution. If a work task is in progress and the task will result in additional work hours, the employee working on the task will be allowed to complete the task and the overtime distribution procedure shall not apply. However, if a supervisor is reasonably aware when assigning a task that it may result in additional hours worked, the task will be offered to the employees on duty with the least amount of overtime. If after making the offer by this procedure no employee has accepted the additional work hours, the supervisor may assign the additional work hours to an employee on duty with the lowest overtime amount within the job classification. The only exception to this will be when a job classification has only one individual performing the essential functions, the employee may be required to work the additional work hours. Unwillingness to perform the additional work hours may result in disciplinary action.

(d) Call Back Distribution. Normally, the standby person will be the first person to respond to a call for service outside regularly scheduled shifts. On each occasion, except in declared emergencies, the opportunity to perform call back work shall be offered to the employee within the job classification within each department who has the least number of overtime hours to the employee's credit at that time. If this employee does not accept this assignment, the employee with the next fewest number of overtime hours to the employee's credit shall be offered the assignment. This procedure shall be followed until each employee in the classification who is not on leave (sick leave, vacation leave, unpaid leave or compensatory time off) has been offered the call back. If after making the offer by this procedure no employee has accepted the call back work, the supervisor may assign the call back to the employee with the lowest overtime amount within the job classification who is not on leave (sick leave, vacation leave, unpaid leave or compensatory time off).
The only exception to this will be when a job classification has only one individual performing the essential functions, the employee may be required to work the call back work. Unwillingness to perform the call back work may result in disciplinary action.

ARTICLE 9

REST PERIODS

Section 9.01 Rest Periods

All employees shall be granted a rest period of fifteen (15) minutes in each half of their work shift. The Employer retains the right to schedule employee's rest periods to fulfill the operational needs of the work units; however, the rest period shall be scheduled as nearly as possible to the middle of each one-half shift.

Section 9.02 Eligibility for Additional Rest Periods

An employee who is scheduled to work beyond the regular eight (8) hour shift or ten (10) hour shift shall be granted a fifteen (15) minute rest period as near as possible to starting the work beyond the regular shift. The employee shall also be entitled to one additional fifteen (15) minute rest period on a regular two (2) hour basis thereafter.

ARTICLE 10

MEAL PERIODS

Section 10.01 Meal Periods

All employees shall be allowed a thirty (30) or a sixty (60) minute unpaid, duty-free meal period during each eight (8) or ten (10) hour shift. Those employees required to be at or return to their post by reason of continuous operations will eat lunch as circumstances permit without any deduction in pay for the meal period commencing at the time the

employee is called back to their post during that meal period. This meal period shall be scheduled as nearly as possible to the middle of the regular work shift. Meal periods of thirty (30) minutes may be used if agreed by the employee and the Department Head.

ARTICLE 11

CLEAN UP TIME AND EQUIPMENT

Section 11.01 Clean up Time

The Employer recognizes that there are jobs within the bargaining unit where by reason of the nature of the work it is proper that the employee have a reasonable period to clean prior to leaving work (without deduction from pay). The employer shall determine which employees should be allowed time to clean, and any refusal or other alleged abuse by either the Employee or Employer shall be a proper subject for grievance.

Section 11.02 Reimbursement for Damaged Vision Wear and Timepieces

The City shall reimburse the employee for glasses (including contacts) or watches (including bands) broken, damaged, or lost within the line of duty. The maximum value of watches shall be \$50.00 or replacement value, whichever is less. The loss must be reported to the supervisor prior to the termination of the employee's current shift. The City's reimbursement will be by voucher approved by the Department Head.

Section 11.03 Safety Concern Process

An employee shall not be subject to disciplinary action for the employee's refusal to operate or handle any piece of equipment or work in a work situation that the employee believes will place them in imminent danger of injury. If it is later proven that the employee's objection was unfounded, the City can take disciplinary action for the employee's refusal to perform their duties.

ARTICLE 12

CALL BACK AND REPORTING PAY

Section 12.01 Reporting Pay

In the event an employee reports for duty on a regular shift without previously having been notified not to report shall be given two (2) hours pay at regular straight time hourly rate; except that if work is unavailable as the result of causes beyond the control of the City, the City shall not be so obligated. Work that cannot be performed due to inclement weather conditions will not be deemed a cause beyond the control of the City. It is understood that if the regular duties of the employee cannot be performed, the supervisor may reassign duties for the period above mentioned in any capacity. Employees shall keep the City advised at all times of their addresses and telephone numbers where they can be notified.

Section 12.02 Call Back Pay

Any employee not on standby who is called in to work outside of the employee's regular shift or schedule shall receive overtime for all such hours and be guaranteed at least two (2) hours work or two (2) hours pay at the rate of time and one-half (1 1/2) their regular rate of pay. The two-hour minimum shall not apply, however, to employees who are called in to begin work within two (2) hours prior to the start of their shift and work continuously into their shift; provided the City work permits the employee to work their regular scheduled shift for that day.

ARTICLE 13

STANDBY PAY

Section 13.01 Standby Requirements

The Department may make standby arrangements which shall be rotated among qualified employees. A standby situation shall exist when an employee is specifically notified by the supervisor to be available for work outside the regular shift. Standby time shall be distributed equally to employees working in the same classification by the same method as overtime distribution. The employee on such standby shall maintain availability for any need for service that may arise. The employee shall give the supervisor a telephone number where the employee can be reached and be ready to respond to a call for service.

The employee need not remain at home; but must remain within a fifteen (15) mile radius of the Watertown Regional Airport.

Section 13.02 Standby Periods Defined

Standby time shall not commence until the employee assigned to such duty has completed the work on their assigned shift. Standby periods shall be from 8:00 o'clock A.M. Tuesday to 8:00 o'clock A.M. the following Tuesday, or a time period mutually agreed between management and union.

Section 13.03 Standby Availability Pay

Employees on standby shall be paid for standby time at the rate of One Hundred Dollars (\$100.00) per week or Fourteen Dollars and Twenty Nine Cents (\$14.29) per day.

Employees on standby shall be provided a city issued cell phone to be shared among employees in the same classification to be used during the assigned standby period.

Section 13.04 Standby Pay When Response Is Required

An employee on standby who is called to work outside their regular shift or schedule shall receive overtime for all such hours from the time the call is made until the time of completion of work for which the employee responded and be guaranteed at least (1) hour of work or (1) hour at a rate of time and one-half (1 1/2) of their regular rate of pay.

ARTICLE 14

HOLIDAYS

Section 14.01 Holidays Defined

The following days shall be recognized and observed as paid holidays:

New Year's Day	Labor Day
Martin Luther King, Jr. Day	Native American Day
Memorial Day (Monday)	Veteran's Day
Independence Day	Thanksgiving Day
Christmas Day	President's Day

Section 14.02 Holidays Observed

Whenever any of the above holidays shall occur on a Saturday, the preceding Friday shall be observed as the holiday. Whenever any of the above holidays shall occur on a Sunday, the Monday following shall be observed as the holiday. Any employee who, as part of their regular work schedule, works on Easter, shall be paid holiday pay hour for hour or may elect instead to receive vacation or compensatory time for the Easter holiday.

Section 14.03 Holiday Pay and Rate

Vacations normally will be granted at the time requested by the employee, unless operational necessity requires full staff. If there is a dispute as to operational necessity, the dispute may be presented at Step 2 of the grievance procedure. If the nature of the work makes it necessary to limit the number of employees on vacation at the same time, or in the event of any conflict over vacation periods, the employee with the greater seniority shall be given the choice of vacation period, consistent with this paragraph.

Section 15.04 Annual Vacation Bid Process/Use of Vacation

On or about January 10 of each year, department heads will circulate appropriate forms to the employees, starting with the most senior and continuing to circulate until the least senior employee may list their choice of vacation periods during the calendar year. Vacation requests shall be recorded on a vacation request sheet which is circulated to all department/division staff from most senior employee to least senior employee. Senior employees may sign up for eighty (80) hours of their total allowable vacation before other employees. Once the vacation sheet has been passed through the department, it is returned to the senior employee to sign up for the remainder of the employee's vacation hours. Such selection must be on the basis of the unused and accrued vacation for which the employee would be eligible on December 31 of that year. These forms shall be returned to the Department Head within ten (10) days and the Employer shall post the schedule of vacations by February 1st. An employee not bidding for full entitlement will relinquish any seniority rights for the purpose of selecting vacation time for the balance of accrued and unused vacations. The remainder of an employee's unused and accrued vacation time may be taken in increments of not less than one (1) full hour, unless excused by the supervisor, at such time as the employee may desire but consistent with the provisions for full service requirements. A request to use the remainder of unbid vacation leave shall be submitted as follows:

- (a) At least twenty-four (24) hours prior to use when one (1) day is intended unless excused by supervisor.

Section 15.06 Work Performed During Scheduled Vacation

Any employee who is required to work during their scheduled vacation shall be compensated for the same at the rate of time and one-half for all hours worked. In addition, the employee's vacation shall be rescheduled to any future time the employee may request provided such request does not conflict with the vacations of other employees previously scheduled under the provisions of this article.

Section 15.07 Maximum Accruals Permitted

Employees shall be allowed to accumulate two hundred (200) hours of vacation as of December 31st of each year. Payment of accrued vacation upon voluntary separation, termination or retirement is based upon a maximum of two hundred (200) hours.

ARTICLE 16

SICK LEAVE

Section 16.01 Purpose of Sick Leave

All regular full-time employees will be allowed to accrue sick leave. Each of the parties recognizes that sick leave is designed to provide some measure of protection to an employee unable to perform their duties by reason of actual permissible usage of sick leave accruals. Each of the parties realize that abuse of sick leave hinders the employee's production and the Employer's ability to fully staff the service and therefore, abuses of sick leave will be the basis for disciplinary action.

Section 16.02 Sick Leave Monthly Accruals

Sick leave shall be accrued at the rate of one (1) day, eight (8) hours per month but not to exceed ninety-six (96) hours per year. - (c) For the birth of an employee's child, the employee shall be granted a total of sixteen (16) hours of sick leave, which can be taken at the time of delivery or at the time of the mother or child's release from the hospital or any combination of both. Any other time off for this purpose shall be taken from compensation time or vacation;
- (d) Any employee accidentally injured on the job who qualifies for worker's compensation pay will receive pay and/or benefits according to the following formula:

Sick leave will be deducted from the balance available to the employee at the rate of 1:3 (for example: one (1) hour of sick leave deducted for every three (3) hours of work missed). The Employer will allow such use of sick leave up to the maximum number of hours of sick leave available to the employee.

In the event an employee choosing this option exhausts all available sick leave prior to returning to work, then upon such occurrence, the following provisions shall thereafter apply:

If restrictions are imposed, the medical documentation must state how long the temporary restrictions will be in place. If the employee does not have any medical limitations or restrictions to performing duties, the documentation must indicate “no restrictions.”

If restrictions exist, the supervisor may work with the employee to determine available work tasks included in the employee’s normal duties to the extent possible and provide temporary accommodations to the essential functions while the employee is on temporary restrictions. Use of sick leave shall be used in accordance with Section 16.05.

B. Parenting Leave-Leave following the birth or adoption of a child is defined as Parenting Leave. The amount of leave taken for parenting leave following the birth or adoption of a child, is to be requested by the employee and approved by the department head. The department head will take into account such factors as the amount of accrued leave available, the work load and the health of the employee based on a medical provider’s statement. Additionally, if the employee has taken pregnancy and parenting leave consecutively following the birth of the child (not returned to work after child was born), the parenting employee on medical leave of absence shall provide documentation by the medical provider regarding the ability to return to work with or without restrictions. ARTICLE 18

FAMILY AND MEDICAL LEAVE ACT

The City of Watertown having in excess of 50 employees is governed by and will comply with the Family and Medical Leave Act of 1993 as well as any subsequent amendments and/or modifications to the law.

Consistent with the provisions of the federal Family Medical Leave Act (FMLA) of 1993 and the National Defense Authorization Act of 2008, an eligible employee and covered care giver may be entitled to up to twenty-six (26) weeks of unpaid Military Care Giver Leave during any twelve (12) month period to provide care for a recovering service member or eligible veteran.

Eligible employees with a spouse, child, or parent on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces (including a member of the National Guard or Reserves) in support of a contingency operation may take up to twelve (12) work weeks of unpaid normal FMLA leave because of any "Qualifying Exigency." The City shall post the most current mandated poster for

employees to review and serve as a guide for FMLA coverage.

Section 18.01 -FMLA Eligibility and Leave Allowances

Consistent with the provisions of the federal Family and Medical Leave Act (FMLA) of 1993, an eligible employee may be entitled to up to twelve (12) workweeks of unpaid job protected leave within any twelve (12) month period of employment when specific conditions are met. Please contact Human Resources for conditions required. To be eligible to take Family Medical Leave, the employee must have worked for the City of Watertown for at least twelve (12) months and at least 1,250 hours during the twelve (12) months preceding the start of the leave.

Family Medical Leave may also be approved for up to twenty six (26) weeks in a twelve (12) month period for a qualifying military exigency arising out of the fact that the employee, employee's spouse, son, daughter, or parent is a military member on covered active duty status (or has been notified of an impending call or order to covered active duty, or to care for a covered service member

The City of Watertown uses a "rolling" twelve (12) month period measured forward from the first day the employee uses any FMLA leave to determine eligibility for, and availability of, leave time under FMLA. To determine if an employee is eligible for FMLA leave during any given work week on a "rolling year" basis, one looks back over the twelve (12) months immediately preceding that week. Applicable sick leave benefits and leave resulting from Workers' Compensation claims will be included in the twelve (12) week period allowed. Leave without pay may begin after all available applicable paid leave has been exhausted and will be included in the FMLA. The fact that a holiday may occur within a workweek taken as FMLA leave without pay has no effect; the week will be counted as a week of FMLA leave.

Employees can request job protected FMLA leave status for a period of "incapacity" of more than three (3) calendar days for FMLA eligible absences. However, employees will be required to be on an approved leave of absence and complete leave of absence paperwork for paid and/or unpaid absences in excess of three (3) calendar days. Employees must provide sufficient and complete information regarding the reason they are requesting leave, the timing of the leave, and when they are expected to return to work. Employees may not prospectively waive their FMLA rights.

If the accrued number of leave hours is fewer than twelve (12) weeks (or twenty-six (26) weeks in the case of a Military Caregiver Leave for a covered service member or eligible veteran), the additional weeks of leave necessary to obtain the twelve (12) workweeks (or twenty-six (26) workweeks in the case of a Military Caregiver Leave for a covered service member or eligible veteran) required under FMLA will be considered unpaid leave. If a serious health condition of the employee is involved, an employee must first use any paid medical sick leave. The employee is entitled to paid medical sick leave to care for a seriously ill family member only if authorized in accordance with the existing leave plan. Paid vacation leave may be used following the exhaustion of sick leave accruals.

Section 18.02 Spouses as City Employees

If both husband and wife are employed by the City, each shall have full access to twelve weeks leave with respect to their own parents but shall only receive a total of twelve (12) weeks between them for the birth of their child or a placement with them for adoption or foster care.

Eligible events limited to a total of twenty-six (26) unpaid workweeks in a twelve month period:

- a) next of kin of a covered service member with a serious injury or illness (next of kin includes: spouse, son or daughter, parent) which is limited to a total of twenty-six (26) workweeks of leave during a single twelve (12) month period.

Whenever the necessity of leave is foreseeable, the employee must provide thirty (30) days advance notice of his or her desire to use FMLA and shall consult with the employer when planning the medical treatment to make reasonable efforts to schedule those leaves so as not to unduly disrupt the employer's operations.

Section 18.04 Documentation and Medical Certification Required

The employer requires appropriate medical certification for a Family Medical Leave qualifying absence or for an employee leave for the employee's or family member's

serious health condition, including a statement that the employee is needed to care for the family member and the amount of time needed.

Under the FMLA regulations in effect January 16, 2009, a human resources professional, leave administrator, or management official, but not the employee's immediate supervisor, may contact the health care provider directly for purposes of authentication and clarification after the employer has first given the employee an opportunity to cure the deficiencies in the certification paperwork.

Employees and next of kin of covered service members utilizing family medical leave as listed in 18.03, are also required to provide documentation of the service member's serious health condition, or deployment paperwork provided by the military unit with beginning and end dates included.

The City may require an employee on Family Medical Leave to report periodically on his/her status, the intention of the employee to return to work, and periodic re-certification paperwork regarding the medical condition as allowed under federal FMLA statutes.

Section 18.05 Intermittent FMLA Usage

An employee may take family leave on an intermittent basis because of the birth or placement of a child for adoption or foster care only if the employer agrees. Intermittent leave to care for a sick family member or the employee's own serious health condition may be taken when medically necessary, and if such intermittent leave is granted, the City may require the employee to temporarily transfer to an alternate position as defined under federal law.

Section 18.06 Group Health Insurance

Employees on Family Medical Leave continue to receive group health insurance coverage while they are on an approved Family Medical Leave absence. The employee will have premiums deducted for any portion of the premium cost the employee is already required to pay. The employer shall provide advance written notice of the terms and conditions in which payments must be made prior to commencement of leave. If the employee does not return to work after expiration of the approved FMLA period of leave, the employer may receive from the employee all of the premiums it paid, unless the failure to return was because of the continuation, recurrence or onset of a serious health condition of the employee or a family member as defined herein, or because of other circumstances beyond the control of the employee.

Seniority, other than to the extent authorized in Section 17.03(d) hereof, and any other employment benefits, will not accrue during the period of any unpaid leave.

Section 18.07 Restoration to Pre-Leave Position

If an employee returns to work upon expiration of the approved period of leave, reasonable efforts shall be made to return said employee to the same position as vacated,

but the employee shall be reinstated to an equivalent position having substantially similar duties and conditions.

Section 18.08 Return to Work

Prior to returning from a continuous leave of absence (not intermittent), an employee under Family Medical Leave for their own serious health condition is required to provide the City Human Resources department a proper fitness-for-duty certification from his/her healthcare provider addressing the employee's ability to perform the essential functions of his/her pre-leave position. Medical documentation must be complete and indicate any medical restrictions the employee has, if any, to performing the essential functions of the position. If restrictions exist, such documentation must state the start and end dates that specific restricted duties are in place. If restrictions exist, the City will assess the ability of light duty options unless a reasonable safety concern exists for doing so.
